

## Candy Train

- 1 5-pack of gum,
- 1 roll of Life Savers,
- 1 Rollo,
- 1 caramel,
- 1 Hershey's Kiss,
- 4 red/white peppermints
- 1 Hershey's bar (small size)

Step 1: Glue the entire Life Savers pack onto the pack of gum (the flat side).

Step 2: Glue a Rollo on the front of the Life Savers pack.

Step 3: Glue a Hershey's kiss on top of the Life Savers pack (Goop or hot glue works best)

Step 4: Glue a caramel on top of the Life Savers pack in the back.

Step 5: Glue the Hershey's bar on top of the caramel so that it sticks out over the caramel.

Step 6: On both sides of the train, glue two peppermints for wheels.

This makes one candy train--great as an ornament.
